

# FUMIGATION FACTS CHECKLIST

- THE GAS COMPANY WILL ARRIVE BETWEEN 7AM TO 12PM**  
Any locked gates must be open or the gas technician will not shut off your gas. This will delay your fumigation. Our fumigation crew will arrive between the hours of 10AM to 5PM. If requested, we can text or call you approximately one hour before the crew arrives at your property. If your fumigation is scheduled for a Saturday start, your gas will be turned off the day before between 12PM to 5PM.
- MAKE SURE YOU'VE SCHEDULED YOUR GAS TURN ON**  
It is the responsibility of the homeowner to schedule a gas turn-on appointment. The gas company can be reached at (877) 238-0092. We recommended calling the gas company 48 hours in advance of the desired date to be scheduled. Long Beach residents contact Long Beach Gas (562) 570-2000
- ALL FOOD IS PREPARED AND STORED IN NYLOFUME BAGS**  
To prepare for fumigation please refer to the fumigation instructions notice. Make sure all food is prepared in the provided nylofume bags. Any food not properly prepared will have to be thrown away. Twenty bags are included in your fumigation estimate . Additional bags are available at \$1 per bag.
- KEEP ELECTRICITY TURNED ON AT THE PROPERTY**  
The fumigation crew will need active electrical power at the property during the whole fumigation process. This is needed to power the fans and circulate the air to complete the aeration of the property. If power is not active it will delay the fumigation.
- FUMIGATION OVER THE WEEKEND - NO SUNDAYS**  
Bugmasters does not work on Sundays. If your fumigation begins on a Friday or Saturday an extra night out of the home will be needed to complete the process. Jobs that start on Friday are finished Monday. Jobs that start on Saturday are finished on Tuesday.
- REMOVE VALUABLES, UNLOCK CABINETS / CLOSETS**  
During the fumigation any cabinet drawers / closets / storage cabinets etc. will need to be opened to prevent gas "pocketing" and ensure home will be safe for re-entry. Due to recent increases of crime in Southern California we recommend any personal valuables or important documentation be removed from the home prior to fumigation. If you live in an area susceptible to burglary, we recommend contacting a security patrol service.
- FUMIGATION CERTIFICATION TIMES 8AM TO 12PM**  
On the last day of fumigation, the tent will be removed and home will be certified for re-entry. A notice will be posted on the front door of the property that certifies the home is ready. If requested, we can text you approximately one hour before the crew arrives at your property.
- NO CLEANING OR AIRING OUT REQUIRED**  
The fumigant gas does not leave any residual. It is not necessary to wipe down or wash any counter-tops, dishes, laundry etc. There is no need to air out the property any additional time. Once residence is certified for re-entry it is completely safe for anyone to enter the property.
